

The Recycling Cabinet is a new concept by **Imperial**. This innovative product allows those homeowners who are environmentally aware and choose to recycle, a convenient, clean way to do so.

It is designed to fit easily in the same space as a 12", 15" or 18" compactor, and provides for separation of recyclable trash that is **out of sight**.

Features

- ◆ Convenient, quick clean access for recycling.
- ◆ More versatile than a compactor.
- ◆ Easily separate recyclable items.
- ◆ Constructed to allow for matching cabinet door. Order Wood Front Ready. Your cabinet maker supplies the panel.
- ◆ Available with Stainless Steel front panel. Also available in black or white with matching front panels.
- ◆ Same size as a standard 12", 15" or 18" base cabinet or 12", 15" or 18" compactor.
- ◆ Custom Sizes Available—Call with dimensions.
- ◆ Trash cans NOT included.
